

# **Div Com inspects progress of waste segregation plant at Achen**

Divisional Commissioner Kashmir, Baseer Ahmad Khan, visited Achen to take stock of ongoing construction for the installation of waste segregation plant there.

During the visit, the Divisional Commissioner was informed that proposed construction site will be used to install a mechanical segregator for segregating solid waste into bio-degradable and non-degradable substances.

It was given out that proposed site will be completed within one month by Housing and Urban Development Department (H&UDD) at an estimated cost of Rs 5.82 crore.

The Div Com was briefed that after the mechanical segregator is installed at the proposed site, the odour emanating from dumping of waste at Achen will be minimized to a large extent.

On the occasion, the Div Com directed officials to make concerted efforts to make Srinagar city a clean city replete with modern hygienic facilities.
